Fees per Year for Off-Campus Enrollment in Faith **Heritage** Christian Academy:

The higher cost for high school students reflects the much larger investment in time and effort that is expended by our staff in charting each student's progress through high school requirements, preparing transcripts, giving counsel in preparation for college, etc. The fee for seniors includes sending transcripts, cap & gown rental, and graduation ceremony. For **seniors** the fee does **not** include any tests, printed invitations, class ring, yearbook, photos, or other graduation-related souvenirs, all of which are available. None of these fees includes costs for taking classes at FHCA, special contests, competitions, or any other extra activities that are available at or through FHCA. Annual spring achievement testing is held in groups. The testing is part of the fees stated below. Private or late testing is \$50.00 per student more.
